Mr. Albert L. Lewis, Editor
AIR PROGRESS
420 Lexington Ave.
New York, N. Y. 10017

Dear Mr. Lewis:

Would you be interested in publishing a series of articles, along with blueprints on how to build our two place Junior Ace Model E airplane?

There is a great deal of interest in this airplane and I believe that publication of the plans could be of benefit to both you and myself.

One of the best examples of the Junior Ace belongs to Mr. Raymond Sippel of 12 North Goodwin Ave., Elmsford, N. Y.. I believe that is only a few miles from you if you want to take a look.

Kindly advise me if you would have any interest in such a project as this.

Sincerely yours,

ACE AIRCRAFT MFG. CO.
